SUBJECT: CIA Entrance at Rt. 123, Fairfax Co., State
Project 0-219-A-002, Phase II Design Services

Dear Mr. Fowler:

Your letter of 5 August 1985 announcing the Virginia Department of Highways had accepted your company's proposal to prepare the construction documents for the CIA access improvements project was welcome news. The CIA is anxious to finalize this portion of the total construction program now underway at the Agency.

To facilitate site access, you are requested to notify, 24 hours in advance, [redacted] phone [redacted] any time contractors are scheduled to work inside or outside the CIA compound. Please provide the names and social security numbers of the contractors when you call. One final note, all personnel working on this project must be U.S. citizens.

Thank you for your cooperation in this matter.

Sincerely,

[redacted signature box]
